

**YOUR SOURCE FOR
MULTIFAMILY NEEDS**

**FOR ROOFING AND WATERPROOFING
THE NAME TO KNOW IS TAMKO**

**TAMKO GIVES YOU THE ADVANTAGE IN MULTIFAMILY PROJECTS WITH
OUR FULL RANGE OF PROFESSIONAL-GRADE BUILDING PRODUCTS**

Building professionals have counted on TAMKO for 75 years. We have what you need, from top to bottom, for every type of multifamily project including apartments, student housing, senior living, military housing and many more.

TAMKO's roofing and waterproofing solutions will help you complete your next project successfully.

FROM ROOF TO FOUNDATION

Everything you need to get your multifamily job done right. Shingles, roofing accessories, balcony/breezeway applications, window, door and cavity flashing, plus below-grade waterproofing. Essential solutions all under the TAMKO roof.

1. Ice & Rain Underlayment

Moisture Guard® ice and rain underlayment is used to prevent water penetration caused by wind-blown rain or ice damming. For use in areas of the roof that need extra protection.

2. Underlayments

TAMKO offers a wide range of underlayments for use prior to the application of shingles. Whether your job calls for synthetic, fiberglass-reinforced or organic roofing underlayments, TAMKO has you covered.

3. Starter Shingles

Get your shingles off to a proper start. TAMKO® starter shingles are designed to eliminate wasted time and material during installation.

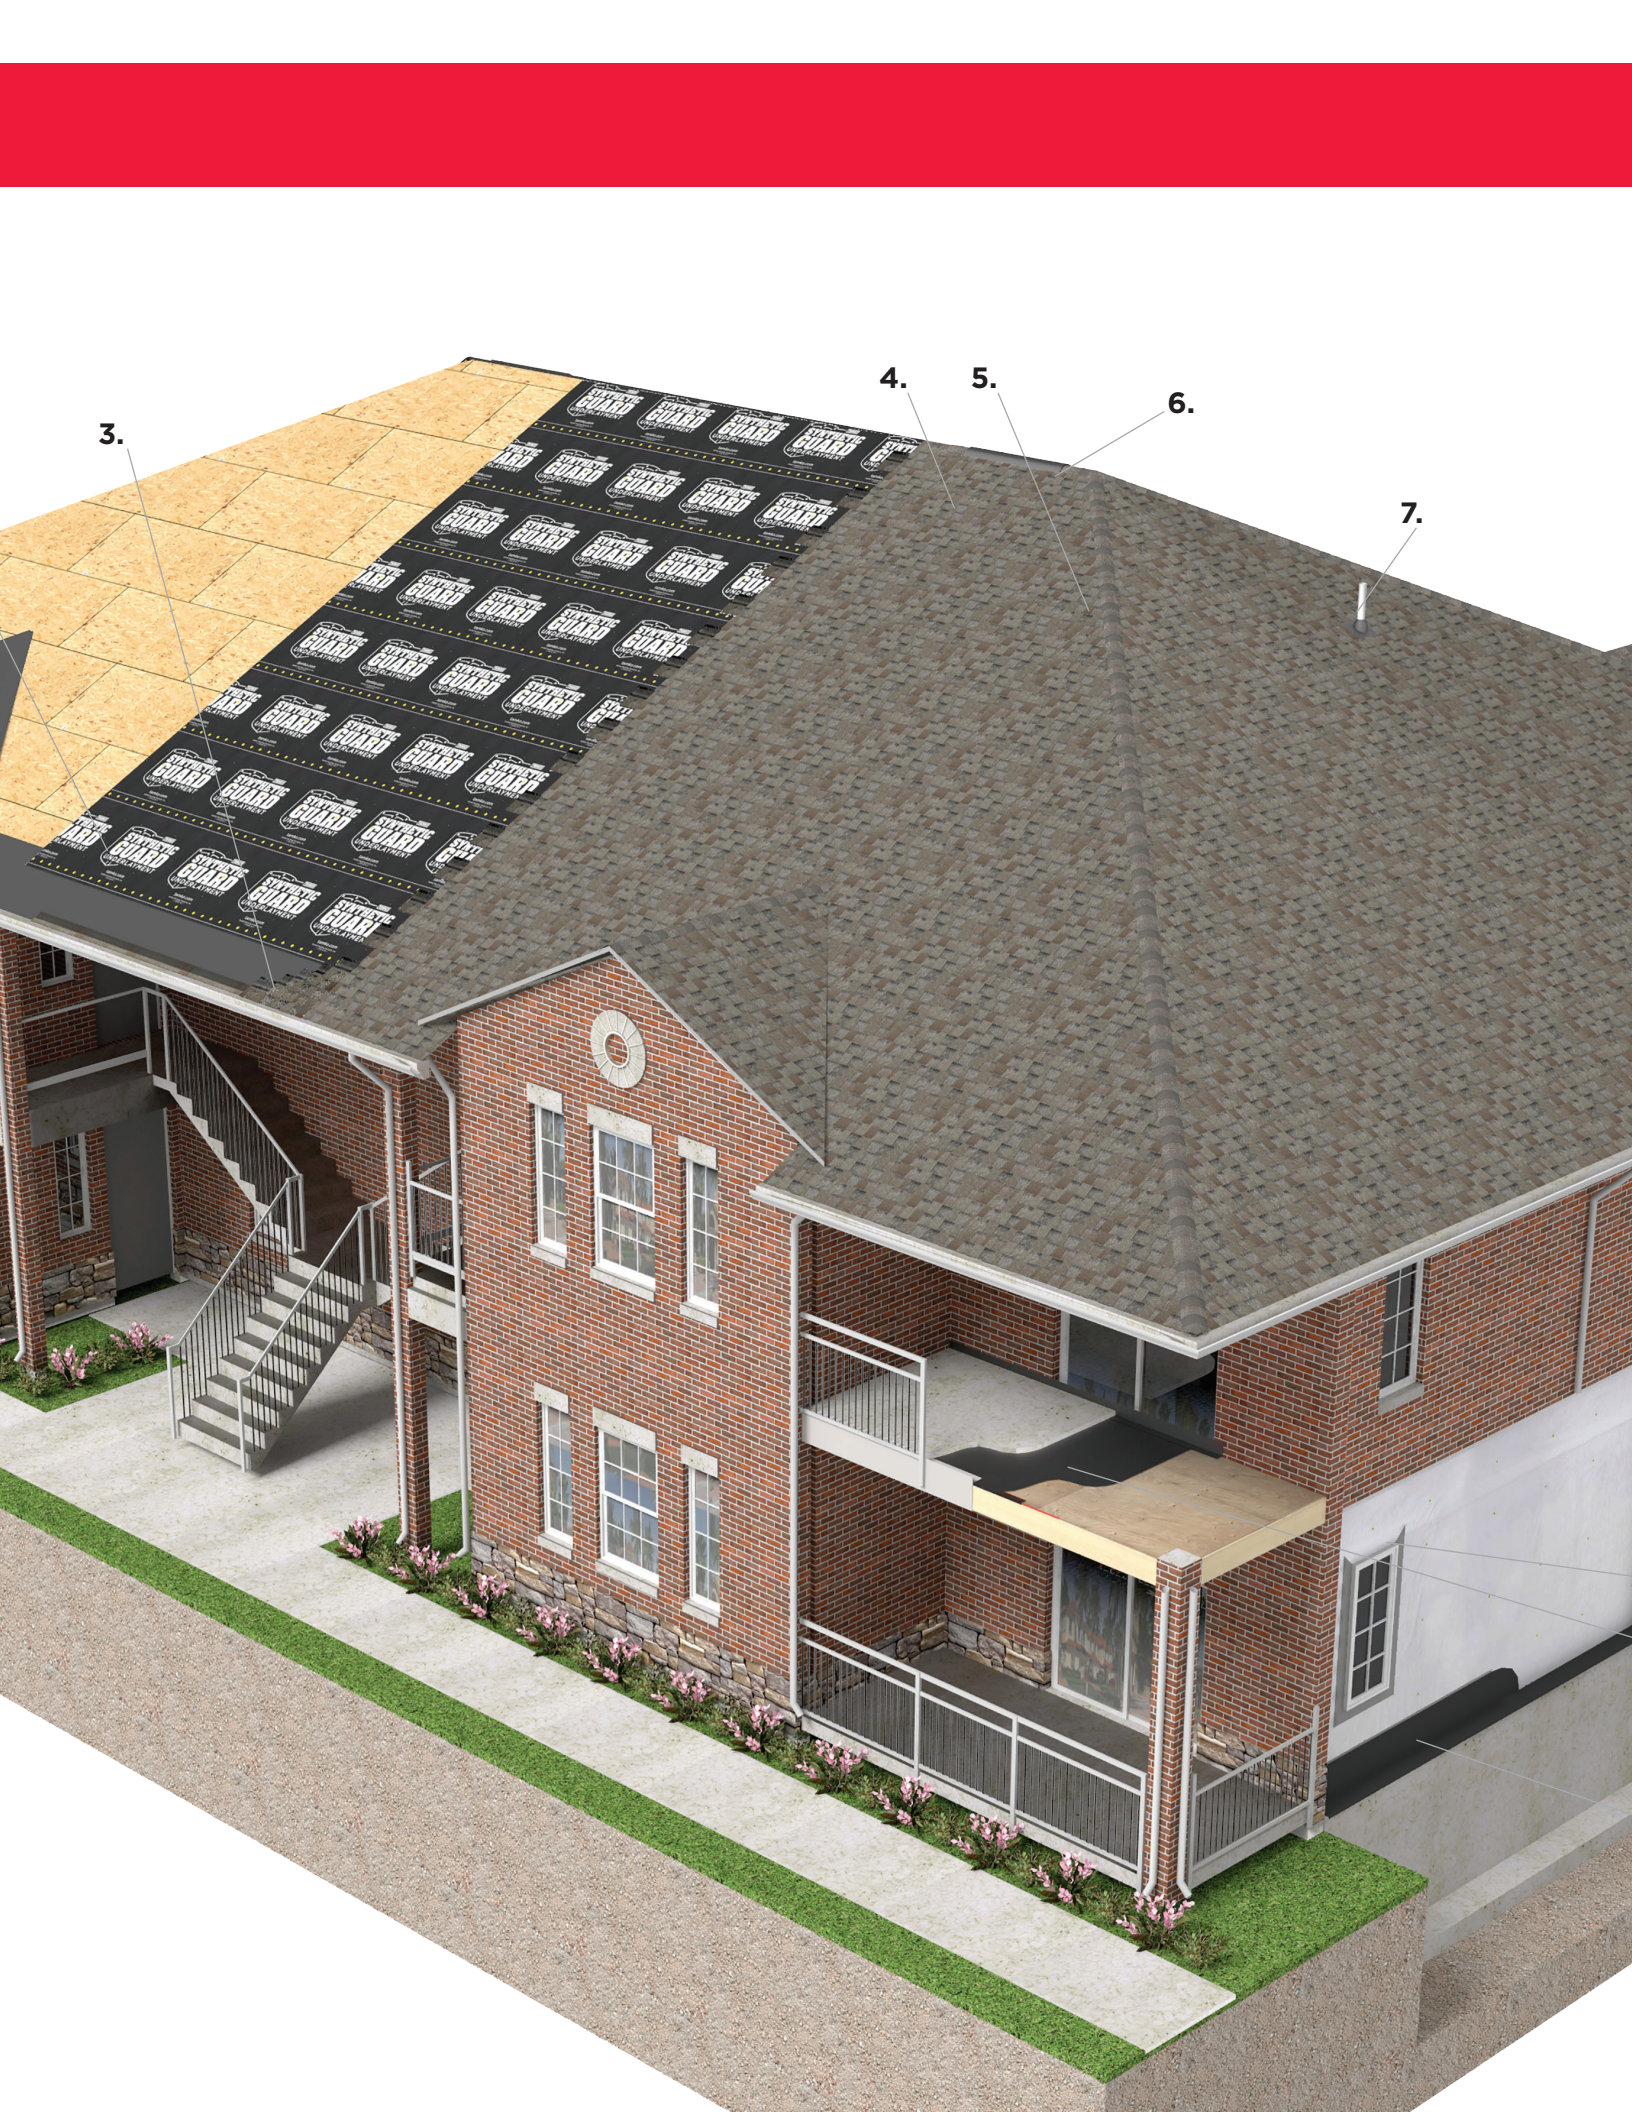

4. TAMKO® Shingles

Choose from our top of the line for the top of your project. Our **Heritage**® **Series Laminated Asphalt Shingles** are available in three distinct profiles, one sure to be suited for your needs: **Heritage**, **Heritage IR** & **Heritage Premium** brands offer vivid color and dramatic style, while the **Heritage Vintage**® line has striking depth and angular lines, and **Heritage Woodgate**® delivers a wider, wood-shake appearance. Our **Elite Glass-Seal**® 3-tab Shingles bring unique flair to your project, and our **MetalWorks**® Steel Shingles come in a range of colors and attractive profiles—slate, tile and wood.

“Quality product,
great price point and
best warranty in the industry.”

— Dino, Roofing Contractor

“The products that you manufacture are **top notch!**
Not only that, the warranty and **customer
service is second to none.**”

— Scott, Roofing Contractor

5. Hip & Ridge Shingles

Finish the job with the perfect final touch with high profile **Heritage Designer Ridge** shingles or our **TAMKO® Hip & Ridge** shingles.

6. Ventilation

TAMKO's ventilation products offer solutions for proper air flow. Help increase shingle life and decrease utility bills with improved ventilation.

7. Cements & Sealants

Seal and secure shingles and underlayments in vulnerable areas with cements and sealants. Formulated for ease of application, these products also work well when performing small repair/maintenance jobs.

8. Windows, Doors & Cavity

TAMKO's flashing products help ensure water is kept out of window and door perimeters.

9. Balcony/Breezeway

Help protect balconies/breezeways with products created to prevent water intrusion in elevated areas.

10. Below-Grade Waterproofing

Designed for foundational areas, tunnels and similar structures, TAMKO's system consists of a 60-mil thick, self-adhering rubberized asphalt sheet membrane, primer and mastic when used together help keep water out.

11. Thru-Wall

Create long-lasting water barriers with TAMKO's Thru-Wall Flashing Membrane, primer and mastic.
